Toronto is on the north shore of Lake Ontario. It is the largest city in Canada. Toronto is the hub of the nation's commercial, financial, industrial and cultural life. In 1793, the British Colonial Officials founded the Town of York. The backwoods village grew to become the "City of Toronto" in 1834 and through its subsequent evolution, Toronto has emerged as one of the most liveable and multi-cultural urban places in the world.
